

PROPOSITION 5

EXPLANATION OF USE:

Gunnison City is proposing to implement a 1/10th of 1% Recreation, Arts and Parks (RAP) sales tax to help the city improve its recreational and cultural programs and facilities. If approved, the tax would be equal to 10¢ for every \$100 of sales.

If approved, the money collected may be used for operating and maintaining recreational facilities for the City and may go to joint improvement programs with Mayfield, Centerfield, and Fayette which will include the addition of a Recreation Director.

Should Gunnison City be allowed to impose this tax?
